

Mov-it UV Charging Cart

Now more than ever, infection prevention protocols are key to the success of a healthcare facility.

If you're looking for a truly innovative way to keep your dedicated devices cleaned and charged, look no further than the Mov-it UV Charging Cart.

Let's create your 'perfect fit' solution today.

Features

LED UV-C Disinfection is highly efficient—killing up to 99.99% of pathogens hiding on every device

Disinfection works 360° degrees around devices thanks to special germicidal wave length

Disinfect, charge, and sync four tablets or ten phones simultaneously

Tablet/iPad Claw Mount for easy access to Cloud-Based Oversight provides data and logs on each tablet and its use

RFID Tracking and Surveillance options faster and more efficient data transfer rates

Add on PPE accessories include Glove Box Mounts, CAVI Wipe Mounts and Purell Hand Sanitizer Dispensers

Let's Create Your Perfect Fit
